Southeastern Pavement Preservation Partnership Meeting

May 29-31, 2013

James Watkins, P.E.

TSP•2

WWW

An Acronym for –

Transportation System Preservation
Technical Services Program

www.tsp2.org

Agenda

- 1 Strategic Plan & Goals
- 2 History and Funding
- 3 Oversight Panel
- 4 Website & On-Line Services
- 5 Video Presentation
- 6 Help Desk
- ✓ 7 Take Away

Strategic Plan

www.tsp2.org

Mission

 To serve as the leading resource to the SHA members of AASHTO for advancing and improving highway preservation practices.

Vision

 Use highway preservation techniques to achieve sustainable network condition levels that satisfy user needs cost-effectively.

Goals

www.tsp2.org

1 Provide a clearing house for information on effective preservation technologies that enhance the performance and extend the useful service life of pavements.

2 Develop a system preservation "Help Desk" to provide State highway agencies with a source for technical, training and outreach services.

3 Offer State highway agencies with a source for technical, training, and outreach services.

History

www.tsp2.org

- Approved by SCOH and AASHTO Board of Directors, May 7, 2005.
- TSP•2 implemented in 3 phases
 - Technical Services
 - Awarded and contract executed with NCPP - May 2006
 - Pavement Preservation Regional Partnerships
 - Approved and executed with NCPP – Sept. 2007
