

Round Table

**MPPP Sharing information/technology
and quantifying deliverables.**

**BETTER WAYS of sharing/reporting
2016 report should write itself**

- Panel Members
- Background
- 2013 Report to AASHTO Standing Committee on Highways (SCOH)
- Next report is due in 2016

Panel Round Table

Jerry Geib, Minnesota

Todd Miller, Missouri

Francis Todey, Iowa

Steph Weigel, North Dakota

- Every 3 years the SCOH reviews a report from each of the Technical Services Programs (TSP's)
- Transportation System Preservation Technical Services Program – TSP2
- May 2013 report passes, flying colors
- Next report is due in 2016 – extremely important that all partnerships have useful deliverables to document.

- 2013 report prepared by NCPP
- 1st report on the TSP2
- Inform the SCOH of achievements and goals/objectives, and to outline our future direction.

- 4 Goals and Objectives

1. Exchange of Preservation Information

- A. Website. B. Conferences. C. Industry contacts

2. Assist States with implementation of PP

- A. Help desk. B. AASHTO manual updates. +++

3. Improve the Knowledge-base of transportation Asset Preservation

- A. NHI and TCCC coordination. B. Opportunities for Growth. C. Promote Research

4. Quantify and Promote the Effectiveness of Preservation Practices

- A. Life extension. B. LCCA.

Technical Sessions

Field Demonstrations

TSP•2 Qualitative Benefit Examples

- **Disseminating technical documents and news,**
- **Networking opportunities to share good and bad practices,**
- **Viewing treatment demonstrations using best practice techniques,**
- **Learning about new products, and**
- **Collaborating on the development of guidelines and specifications.**

TSP•2 Quantitative Benefit Examples

- **Developed new preservation specifications,**
- **Produced educational videos and PowerPoints,**
- **Linked on-going research projects,**
- **Demonstrated new products, equipment, and applications,**
- **Restructured websites to make information more accessible,**
- **Organized national meetings for pavement preservation and bridge preservation**

- Achievements

- Pavement and Bridge annual meetings
- Task Forces
- Website expansion
- Public education campaign
- Distributed Surveys
- Research, Development, and Implementation Roadmap (2008)
- Many others

2016 report should write itself

- Importance of deliverables
- Direction of the MPPP moving forward
- Should deliverables be in the annual report?

- Next steps, ideas, recommendations...
- Thanks
