LOOKING BACK & LOOKING FORWARD

June 2013 ABC Webinar

Design for Enhanced:

• Fabrication
• Transportation
• Erection
• Repetition

What did he miss - PRESERVATION
LOOKING BACK & LOOKING FORWARD

Designers are changing New Designs

• Continuity over Piers
• Integral & Semi-Integral Abutments
• Deck Treatments on New Decks
  also Rehabilitation Designs
• Deck Replacements Joint Eliminations and Treatments on New Decks
• New Details & Standards Maintenance Approved
Looking Back & Looking Forward

Material Suppliers

• Collaboration w/DOT Maint. Staff & Suppliers
• Suppliers are not in a “Selling Mode”
• Suppliers want DOT’s to “Get It Right”
• DOT’s Sharing Maintenance Strategies
• Collaboration with Designers
LOOKING BACK & LOOKING FORWARD

**Contractors**

- Learning what Maintenance Wants
- Collaboration with Suppliers
- Preservation projects differ from normal “heavy highway” work
LOOKING BACK & LOOKING FORWARD

What’s Next??

• Design continue to learn from Maintenance
• Suppliers looking for shared approval by DOTs
• Contractors collaborate with Designers to package Preservation projects
• Research, Asset Management & Sustainability
LOOKING BACK & LOOKING FORWARD

Remember the ABC Session

Design for Preservation may not have been in his ABC session, but check out his latest design
