Total Number of truck mtd snow blowers: 0

Total Number of loader mtd snow blowers: 1

Lane Miles in your State to Plow: 43,000 miles

Dual Auger Insert

Issues: Hoppers have limited capacity, no unload capabilities, high center.

Solution: Create insert with dual augers, 800+ gallons of liquid, rock gate for easy Unload, self-loading system. Inserts into Standard bed with AR400 floor.

System ran entire last winter. Salt rate was reduced to 200lbs/mile with approximately 3000 gallons of liquid per event.

Approximately 30 being built this year at \$20,000 to \$25,0000 cost.
