

Georgia Roadways

Dale Brantley

State Maintenance Engineer/Fleet Manager

March 17, 2015

Georgia Roadways

- Historically, Georgia DOT resurfaced 6-7 percent of the system annually (15-year resurfacing cycle);**
1-1/4" to 1-1/2" overlay with various pavement preservations during life cycle.

Georgia Roadways

In 2014, only 2 percent of the system was resurfaced (50-year cycle); with current funding levels, anticipate resurfacing 1 percent (100-year cycle).
